Dr. Uma Partap was formerly attached to the Himachal Pradesh University as a Research Fellow. Her doctoral work was largely in the field of eco-physiology/drought stress. She has been working in apicultural research at ICIMOD since 1991. Dr. Partap's published work includes thirty research papers in various topics such as honeybee behaviour, bee pollination, bee flora, and drought eco-physiology. In addition, she has published a popular extension manual/handbook for field extension workers and progressive farmers entitled, 'The Asian Hive Bee, *Apis cerana* as a Pollinator in Vegetable Seed Production'.

## **Participating Countries of the Hindu Kush-Himalayan Region**

- \* Afghanistan
- \* Bhutan
- \* India
- \* Nepal
- \* Bangladesh
- \* China
- \* Myanmar
- \* Pakistan
