## Topic Index

### I

- identification, 110,116
- incentives, 113,118
  - cash, 118
- income, 111,114,115
- integration, 119

### L

- landholding, 117
  - size, 117
- land tenure, 112
  - system of, 112,121
    - kipat*, 112,121
    - raikar*, 112,121
- leadership, 110,111,112
  - active, 112
  - dynamic, 110
  - ineffective, 110
  - local, 111
- livestock, 114,117
  - number of, 114,117

### M

- management, 110,111,112
  - effective, 110,111,112
  - forest, 112,114
  - procedures, 113
  - systems, 119
    - local, 119
    - national, 119
- membership, 116
  - dual, 116
  - restricted, 116
- migration, 109
  - migrants, 111
- monitoring, 115
  - allocation, 115
  - distribution, 115
  - forest use, 115
  - income of users, 115
  - intergroup relations, 115

### P

- participation, 109,112
  - people's, 109
  - women's, 112
- pattern, 117
  - of forest use, 117
- polarisation, 115
- political structure, 109
- political unit, 117
  - Village Dev. Committee (VDC), 117
- population pressure, 109,112

### R

- recommendations, 109,115
- regulations, 119
- resource-poor, 111,114,118
- resources, 114
  - common pool, 114
  - used, 117
- rules, 112,113,119
  - conformance, 113
  - enforcement, 119
  - operational, 112
  - violation, 113
    - ambiguous forest policy, 113
    - political cliques and factions, 113
    - poverty, 113,118

### S

- social structure, 112
  - heirarchical, 112
  - Hindu caste model, 112
- species' diversity, 110
- status, 115,117
  - economic, 117
  - social, 115
- sustainability, 109,113,114

### U

- users, 110,113,114
  - increasing/decreasing number of, 110
  - landless, 114
  - multiple, 110
