Birta Abolition Act (1959)	3	organisation	
		- District Forest Office (DFO)	7
birta grants	3	- forest department - local forest committees	3
cadastral survey	4	- user groups	2,3,4
cadastrar survey	7	issues in the literature	2,3,4
Community Forestry		primary user	5
Development Programme (CFDP)	4	secondary user	5
forest cover	3,7	participation	
6		- people's	2,3,4
forest resource protection	•		
and management systems	3	perspective	
- indigenous systems	5,6	- contextual	3
open access system	2	- cultural	3
forestry		research objectives	4
- community	4,5,7		
user group	2	samudayik ban (community forest)	4
government attitudes	3	shingo naua (forest guards)	6
government legislation (1975)	4	shingo naua system	6
historical approach	2	sustainable use	3,4
historical development	2		
and the second development	2	Chapter 2	
Master Plan for the			
Forestry Sector (1988)	3	conceptual model	9,10
		1	,

control mechanisms	9	characteristics, user group	16,23,27
- religious fencing	9	- average household size	16
		- total animal population	16
Decentralisation Act of 1982	8	- total human population	16
Decentralisation Bylaws of 1984	8	Community Forest Development	
Panchayat Forest (PF)	8	Programme (CFDP)	59
Panchayat Protected Forest (PPF)	8	consensus	21,54,59
		coppice	17,20
perspective			
- cultural	9	decision-making	20,25,33
- holistic	9,10	Index	
		degradation	
protection and management system - control-oriented	8,9,10	- forest	31,32,34
- local	9	encroachment	22,44,53
Chapter 3		external factors	22,26,34
Chapter 5		forest cover	17,23,30
Community Forestry Development		Total cover	.,,20,0
Programme (CFDP)	11	forest products	17,18,22
riogramme (Cr.Dr.)		- agricultural implements	17,18,21
decrease in forests and shrublands	11	- bedding materials	48
		- dry firewood	44
increase in forest and shrubland area	s 11	- fodder	17,21,26
		grass	17
indigenous protection and		trees	19
management system	12,14	- leaf litter	18,21,24
		- timber	17,18,19
land use	12,14	ushagement systems	i bas
Control learned		forest, types of	
organisation	up -	- community	54
- District Forest Offices (DFO)	14	- government	19,21,22
- User Group Committees (UGCs)	14	- Panchayat Protected (PPF)	19,44
primary data	14	- private	22,43,45
primary data	14	- religious	37,40
study sites	12	ent attitudes	
		heralo (forest guard)	47
triangulation	14	ent legislation (1975) 4	
		ijar khanne	
Chapter 4		(slash and burn cultivation)	31,34
agro-farming 1	7,23,29	khoria phadani	
Chapter 2		(clearing forests)	48
ban pale (forest guard)	20,43,44	lim for the	
		land	
cadastral survey	19,37	- agricultural land	30,50,53

## Topic Index

- farmland	19,21,22	ranger	34,48,49
- forest land	19,24,37		
- grassland	26	religious fencing	22
- grazing land	18	- neja (prayer flags or cloths)	22
- marginal land	18,21,22	ACATAIN regulations.	
- shrubland	19,20,30	resources	16
		- forest	20,21,22
manapathi (payment in kind)	43,44	- open access	19,31,33
microclimatic variation	17	rules and regulations	20,21,24
migration, seasonal	27	species	17,23,24
nature of the forest	16,17,23	strategies	
- altitude	17,27,35	- pragmatic	22,27,40
- crown cover class	17,35,42	- resource-tapping	27
- growth diversity	17		
- regeneration	17,20,24	subsistence farming	23,34,47
- seedling density	17,35,47	Total limit by accines towards	
- slope	17,23,35	sustainable use	17,55
- stock condition	17	talukdar	10.40
- tree density	17,35,42	танкааг	19,43
- overstorey	51	user	
- understorey	47,51	- primary	16,24,34
		- secondary	24,55,56
organisation		secondary	24,33,30
- District Forest Office (DFO)	32,34,44	user rights	19,22,24
- Forest Department	24		,,-
- Forest Protection Committee	49	in the ground states of the property of	
- User Group	16,22,27	Chapter 5	
- User Group Committee	24,25,27		
2. Charles to home and the rest to be 12.		bari (non-irrigated land)	74
Ownership	19,24,32		
- de facto	19,24,32	cadastral survey of 1938	64
- joint	19		
- legal	19,24,29	characteristics, user group	63,64
		- average household size	65
Panchayat	19,20,38	- average number of animals	65
		- total population	64
Pradhan Pancha			70.74
(head of the village)	44,50,58	control mechanisms	73,74
		- neja fencing	74
practices	16,22,27	- religious fencing	74
- protection and management	19,24,31	Analalan mataka	(0 (0 70
		decision-making	62,63,70
product-sharing	21,26,39	factor	
nuiani (mnicat)	22	factor	
pujari (priest)	20	- ethnic heterogeneity	69
purji (permit)	24	- ethnic homogeneity	65,66
Parit (bernut)	26	- proximity	66

Fisher's two-tiered system	Fishers's classification of system	61,63	organisation
