1. What is Specific about Poverty in Mountain Areas?  
(Biophysical and Socioeconomic Circumstances and Their Implications)

Chairman: Dr. N. S. Jodha, Mr Gao Hongbin  
Meeting Room: 5015 (Fifth Floor)

- Ways of Understanding/Diagnosing Poverty and Its Process
- Intervention Strategies, Design, Implementation of Projects.
- The Missing Mountain Perspective

2. Environment - Development Conflicts in Mountain Areas

Chairman: Dr. Jack Ives, Mr. Ai Yunhang  
Meeting Room: 5017 (Fifth Room)

- What are the core issues? How well do we understand poverty -- degradation linkages and profit extraction degradation problems?
- What experiences we have from current strategies to handle them?
- Assuming that the current strategies may need reorientation along the lines of a Mountain Perspective; What operational steps are suggested?

3. Market Driven Transformation Processes and the Mountains

Chairman: Dr Deepak Bajracharya, Prof. Li Tianchi  
Meeting Room: 5019 (Fifth Floor)

- In this context, how well do we understand the marginality of mountain areas/people with all its complexities?  
  
What are its manifestations/consequences to poverty alleviation from these areas?
- Is the market - unequal exchange leakages with mountains - a big problematic issue? What are the remedial approaches?
- What are the prospects of achieving sustainable development in mountain areas by properly harnessing their niche and diversity in all their dimensions? Will it not facilitate promotion of production processes which are unique and productive?

**Note:** The discussion may be illustrated with the experiences of China and other countries, while covering the topics listed under each subject area.
