

**BIBLIOGRAPHY OF EXPLOITATION, MANAGEMENT AND
UTILIZATION OF HENGDUAN MOUNTAINS**

(in Chinese language)

SOUTHWEST REGION

- Gu Qianju and Zhou Yingchang, 1941: Preliminary Survey of Forest in West China Collections of Peking Botany Institute Vol.12, No.1-6.
- Lebeskii, E. A., 1958: Geographical Knowledge. Mountains of West China. Vol. 6.
- Liao Guofan and Shen Changjiang 1964: General Conditions of Natural Grassland in Partial Surveyed Areas of North and West China. Feb. 1964.
- Liu Shene, 1934: Introduction to Geobotany of North and West China Collections of Peking Botany Institute. Vol.2, No. 9.
- Liu Shoubo and Li Deirong, 1964: Soil Formation in Fir Forest of Southwest China Forest Area. Acta Pedologica Sinica. Vol. 12 No. 4.
- Ministry of Forest, 1957: Report on final Cutting of National Alpine Forest in Southwest China. China Forestry Vol. 9.
- Xiong Yeqi, 1965: Soil Type of Alpine Conifer Forest Belt in Southwest China. Acta Pedologica Sinica. Vol. 13, No. 2.
- Zhang Wanru, 1964: Some Data Concerning Soil Forming Process Under Fir Forest in Alpine Region of Southwest China. Acta Pedologica Sinica. Vol. 12, No. 1.

SICHUAN

- Chai You and Jin Shuren, 1963: The Genesis, Development and Types of Bog in Zoige Plateau. Acta Geographica Sinica. Vol. 29, No. 3.
- Cheng Defang, 1983: Mud-rock Flow of Dongxi Gully in Hanyuan of Sichuan. Journal of Chongqing Communication University. No.2.
- Cheng Shaoxing, 1938: Report on Forest Survey of Upper Reach of Daduhe River. Forest of Sichuan Vol. 3.
- Chengdu Institute of Geography, 1985: Characteristic and Integrated Control of Mud-rock Flow in Nanping City. Soil Erosion Bulletin. No. 2.
- China Fir Cultivation Editor Board, 1976: China Fir Cultivation in Sichuan.
- Cui Yuwen, 1958: Geobotanical Survey of Qamdo Area and Northwest of Sichuan. Acta Geographica Sinica. Vol. 24, No. 2.
- Ecology Research Group of Central Sichuan, 1985: Preliminary Approach on Jointly Utilization of Water by Forestry, Mountain, Commune and Brigade. No. 1.
- Fang Wenpei, 1955: Unrecorded Plants of Sichuan and Xikang Province. Journal of Sichuan University. No.1.

- Fei Jian, 1947: Economic Plant Names of Sichuan & Xikang Province. Acta Botanica of Central Academy. No. 1-8.
- Ge Futing, 1983: First Thunder and Drought of Sichuan Province. Meteorology. Vol.3.
- Guo Jinghui and Deng Nuanlin, 1965: A Preliminary Study of River Classification of West Sichuan and North Yunnan Province. Acta Geographica Sinica. Vol.31, No.3.
- Jiang Shu, 1959: Meadow and Forest in the Mountains of West Sichuan. Acta Botanica Sinica. Vol.1, No.2.
- Jiang Shu, 1963: Vertical Zonation and Level Differentiation of Physical Geography of West Sichuan and North Yunnan. Geography Collections. No.5.
- Jiang Shu, 1963: Basic Characteristics and Main Types of Meadow in West Sichuan Plateau. Acta Phyleocologica et Geobotanic Sinica. Vol.1, No.1-2.
- Jiang Youxu, 1963: Principle of Classification and Community Characteristic of Subalpine Conifer Forest of West Sichuan. Acta Phyleocologica et Geobotanica Sinica. Vol.1, No. 1-2.
- Jiang Youxu, 1963: Preliminary Approach on Habitat Type of Alpine Forest Area in Miyalou Maerkang Mountains of West Sichuan Province. Forestry Science. Vol.8, No.4.
- Lang Huiqing, 1964: Bog Vegetation of Zoige Area of West Sichuan Plateau. Acta Phyleocologica et Geobotanic Sinica, Vol.2, No. 1.
- Le Derong and Zu Pengfei, 1965: Preliminary Approach on Geographical Regionalization of Forest Soil of Sichuan Province. Acta Pedologica Sinica. Vol.12, No.3.
- Lu Hongyu, 1983: Soil Erosion and its Prevention. Natural Exploration. No. 3.
- Lu Wu, 1942: Rainfall in Border Area of Sichuan and Xikang Province. Acta Meteorologica Sinica. Vol. 16. No. 1 & 2.
- Ma Xuehua, 1963: Soil Conservation and Felling in the Area of Alpine Conifer Forest of West Sichuan. Forestry Science. Vol.1, No. 2.
- Meng Xianhe, 1984: A Good Example of Mud-rock Flow Management in Sichuan Province. Mountain Research. Vol. 2, No. 2.
- Sichuan Vegetation Coordination Group, 1980: Vegetation of Sichuan. July, 1980.
- Sino-Soviet Forest Integrated Survey Group, 1959: Report of Comprehensive Survey on Felling Method and Regeneration Technology of Alpine Forest Area in West Sichuan. Forest Science. Vol. 5, No. 5.
- Soil Conservation Office of Sichuan Province, 1985: Soil Conservation Works of Sichuan Province. No. 7.
- Soil Erosion Survey Group, 1985: Soil Erosion Survey in Qiongjiang River Basin. China Soil Erosion. No. 4.
- Tian Xinyuan, 1980: Soil Erosion and its Prevention in Sichuan Province. Sichuan Forestry Science and Technology. Vol. 1, No. 4.

- Water Conservancy Survey and Design Institute of Sichuan, 1979: Stone Arch Dam in Sichuan. Dec. 1979.
- Wang Ganxuan, 1957: Suggestions on Felling and Regeneration of Alpine Forest in Sichuan Province. *China Forest*. No. 12.
- Wu Zhonglum, 1959: Some suggestions on Tree Species Planning for Afforestation, Regeneration and Distribution of Main Tree Species in Alpine Forest Area of West Sichuan. *Forestry Science*. Vol. 5, No. 6.
- Xu Junming, 1984: Mud-rock Flow Management in Yuxi Gully and Lunwang Gully in Yaan City of Sichuan Province. *Mountain Research*. Vol. 2, No. 2.
- Xu Jie, 1981: Characteristics and the Improvement and Utilization of Purple Soil in Sichuan Province. *Soil*. Vol. 13, No. 2.
- Yang Lipu, 1946: Land Use of Minjiang River Gorge. *Acta Geographica Sinica*. Vol. 12 & 13.
- Yang Renzhang, 1959: Physical Landscape of Miyalou Maerkang Mountain Range of West Sichuan Province. *Acta Geographica Sinica*. Vol. 25, No. 4.
- Yang Yupu, Ye Zhaoqin and Qiqn Guoxi, 1956: Report of Comprehensive Survey on Felling Method and Regeneration Technology of Alpine Forest Area in West Sichuan. *Forestry Science*. No. 4.
- Yang Yupu, 1963: Research on Regeneration of Yunnan Pine in Sichuan and Yunnan Province. *Forest Science*. Vol. 8, No. 3.
- Yang Yupu, 1981: Preliminary Approach on Zonation of Forest in Sichuan. *Journal of Southwest Normal College*. No. 1.
- Yang Zonggun, 1984: Subtropical Zone of Sichuan Province. *Journal of Southwest Normal College*. No. 6.
- Zhang Bao, 1941: Climatic Regions of Sichuan. *Acta Meteorologica Sinica*. Vol. 15, No. 3 & 4.
- Zhang Wanru, 1979: A Study on Forest Soil Dynamics in Fir Forest of Muyalou Forest Area in West Sichuan. *Forestry Science*. Vol.15, No. 3.
- Zhang Xianfa, Zheng Yuanchang and Wong Jianjun, 1985: A Preliminary Exploration on the Distribution of Agriculture, Forestry and Animal Husbandary in the Jiulong Region Western Sichuan. *Herald of Agriculture Sciences*. No.2.
- Zhang Yuliang, 1959: Vegetation of Alpine Forest Area in South Part of Mulishaluli Mountain, Sichuan. *Acta Phytocologica et Geobotanica Sinica*. No. 3.
- Zheng Yuanchang and Gao Shenghuai, 1984: Trial Discussion on the Vertical Natural Zone of the Mountain in West Sichuan. *Mountain Research*. Vol. 1, No. 4.
- Zheng Zhishan, 1940: A Study of the Growth of 20 Species of Wood in Southwest of Sichuan Province. *Forestry Experiment Station of Sichuan*.
- Zhong Zhangcheng, 1980: A Study of Vegetation in Xichang Area. *Journal of Southwest Normal College*. No. 1.

Zhou Dezhang and Yang Yupo, 1980: Preliminary Study on the Characteristic of Regeneration of Birch Forest in Alpine Forest Area in West Sichuan. Forest Science. Vol. 16, No. 2.

Zhu Huifang, 1939: General Situation and Preliminary Suggestion on Exploitation of Forest in Upper Reach of Daduhe River. Collections of Forest Survey.

YUNNAN

Jiang Hanqiao and Zhu Weiming, 1957: Preliminary observation of vegetation on Flowstone Bank of Yuling Mountain of Lijiang. Journal of Yunnan University. No.2.

Jiang Hanqiao, 1980: Zonal Regularity and Distributional Characteristic of Vegetation in Yunnan. Research on Plants of Yunnan. Vol. 2, No. 1.

Jiang Hanqiao, 1980: Distributional Features and Zonal Regularity of Vegetation in Yunnan. Acta Botanica Yunnanica. Vol.2, No.1.

Journal, 1957: Survey on Vegetation of Yulong Mountain in Lijiang of Yunnan Province. Journal of Yunnan University. No.4.

Li Rongmeng, 1983: Exploitation and Utilization of Water Resources of Yunnan Province.

Li Shijin, 1945: The Capturing Problem of Jinshajiang near Shigu, Yunnan Province. Geography Collections. Vol.3, No.1-2.

Lu Lunhui, 1980: Study on Characteristic of Coenology of Shrub in Shalou of Yinjing County in West Yunnan. Yunnan Botanical Research. Vol. 2, No. 4.

Lu Lunhui, 1983: Distribution and Zonation Component of Tropical Forest of Yunnan Province. Yunnan Botanical Research. Vol. 5, No. 2.

Mao Zhengdan, 1977: Four Seasons Like Spring in Yunnan. Meteorology. No. 2.

Pei Shengji, 1982: Exploitation and Utilization of Tropical Plant Resources of Yunnan Province. Natural Resources. No. 1.

Qian Guo, 1956: Suggestion on Natural Regeneration of Cutting Blank of Yunnan Pine in Chuxiong of Yunnan Province. Forestry Science. Vol. 2, No. 4.

Qiu Lianqing and Jin Zhenzhou, 1957: Brief Introduction to Physical Environment of Yulong Mountain. Journal of Yunnan University. No. 4.

Qiu Lianqing and Jin Zhenzhou, 1957: General Description of Plant Community of Yulong Mountain. Journal of Yunnan University. No. 4.

Qu Zhongxing, 1957: Rough Conception of Vegetation of Yunnan. Journal of Yunnan University. No. 2.

Ren Meie, 1957: A Preliminary Study on Geomorphology of Yulong Mountain and Lijiang. Journal of Yunnan University. No. 4.

Sheng Shijun and Xiao Duning, 1965: Main Forest Soil Genetic Characteristic and Soil Vertical Distribution of Nu Mountain. Soil Bulletin. No. 47.

- Shen Yuchang and Yang Yichou, 1963: New Approach to Solving the Problem of Jinshajiang River of West Sichuan. *Acta Geographica Sinica*. Vol. 29, No. 2.
- Wang Chunru, A Preliminary Study of Nutrient Content of the Rainfall in Rubber Forest and Regional Rainfall of Xishuangbanna. *Acta Ecologica Sinica*. Vol. 4, No. 3.
- Wang Hengkong, 1982: The Characteristic of Monsoon Current and the Beginning of Rainy Season in Yunnan Province. *Journal of Yunnan University*. No. 3.
- Wu Shugong and Yang Chongren, 1957: Plant Resources and their Evaluation in Yunnan Province. *Natural Resources*. No. 2.
- Wu Zhengyi and Li Xiwen, 1965: Research Report on Tropical and Subtropical Flora of Yunnan Province. Vol. 1.
- Xu Zhonglu, 1982: Problems of Jinshajiang River and the Formation of Longitudinal Valley from Hongwen Villege to South of Jinchuan in West Sichuan. *Acta Geographica Sinica*. No.3.
- Yang Yongxiang, 1981: Research on Autothinning of Forest Stand of Yunnan Pine. *Forestry Sciences*. Vol. 17. No. 4.
- Yunnan University, 1976: Outstanding Results Yield from Disengaging Intermediate Cutting of Young Growth in Yunnan Province. *Forestry Science Bulletin*. No. 11-12.

XIZANG

- Bao Naozhang, 1981: Flow Passage of Tibet Plateau. *Meteorology*. No. 11. Beijing, China.
- Chen Chuanyou, 1979: About the Construction of Agricultural Water Conservancy in Qamdo Prefecture. *Xizang Daily*. Sep. 4.
