Godavari Birds

From Godavari to Phulchowki peak, there are an estimated 270 bird species with 17 listed as endangered. Godavari proper has 100 species recorded. It is impossible to photograph all of them. A reference list is provided at the end of the booklet so that you can continue to locate birds that we have not been able to photograph. This fun booklet presents a few of the more common and eye catching birds that hopefully will catch your eye too.

Bird watching provides valuable information. Consistent records give indications of habitat loss, changes in climate, migration patterns and new or missing previous records. Years of data have been collected across Nepal to give a picture of birds in place and time. The oldest Nepal record is from 1793 when it was more common to catch and skin birds for museum collections.

Compiled by Karen Conniff, Ron Hess and Erling Valdemar Holmgren

Godavari Birds

This basic guide is organized by family and sub-family groupings. The purpose is to make it easier to identify the birds sighted at the ICIMOD Knowledge Park and surrounding areas in Godavari.

There are several bird watching tours and groups of regular bird watchers to join with and improve your knowledge of local birds.

If you have comments, want to add a new identification record or found errors in this booklet please contact: Karen Conniff – karoconniff@gmail.com

Phasianidae or Partridges and Pheasants

Kalij Pheasant (female)

Kalij Pheasant (male)

ı

Kites, Hawks, Eagles

Accipitridae or

Black Kite or Pariah Kite

Himalayan Buzzard

Black Eagle

Shikra (Male)

Family Columbidae or Pigeons and Doves

Oriental Turtle Doves – Pair

Wedge-tailed Green Pigeon

Barred Cuckoo Dove

Common Pigeon

Spotted Dove

5

Family Cuculidae or Cuckoos and Malkohas

Green-billed Malkoha

Lesser Cuckoo

Family Psittacidae or **Parakeets**

Rose-ringed Parakeet (female)

Cattle Egret

Family Ardeidae or Herons and Bitterns

Family Strigidae or $Ow|_S$

Asian Barred Owlet

White-throated Kingfisher

Family Alcedinidae or Kingfishers

Barbets

Ramphastidae or

Blue-throated Barbet

Golden-throated Barbet

Great Barbet

Picidae or

Piculets and Woodpeckers

Grey-headed Woodpecker (male)

KConniff

Grey-headed Woodpecker (female)

Greater Yellow-nape Woodpecker

Speckled Piculet

Fulvous-breasted Woodpecker

Darjeeling Woodpecker

Campephagidae or Cuckoo-shrikes, Minivets

Long-tailed Minivet (male)

Long-tailed Minivet (female)

Family
Laniidae or
Shrikes

Long-tailed Shrike

Grey-backed Shrike

Family Dicruridae or Drongos

Ashy Drongo

Lesser Racket-tailed Drongo

Family Oriolidae or Orioles

Maroon Oriole

Family Rhipiduridae or Fantails

Yellow-bellied Fantail

White-throated Fantail

Family

Corvidae or

Crows, Magpies,

Jays

Red-billed Blue Magpie

Thick Billed Crow

Common Green Magpie

Grey Treepie

House Crow

Paridae or

Tits

Grey-crested Tit

Green-backed Tit

Rufous-vented Tit

Black-lored Tit

Family Aegithalidae or Long-tailed Tits

Black-throated Tit

Bulbuls

Pycnonotidae or

Red-vented Bulbul

Black Bulbul

Himalayan Bulbul

Mountain Bulbul

Families

Sylviidae or Wablers

Cisticolidae or Tailorbirds and Prinias

Humes Warbler

Grey-hooded Warbler

Common Tailorbird

Grey-bellied Tesia

Timaliidae or Babblers, Scimitar Babblers, Laughingthrushes, Fulvettas, Yuhinas, Sibias

Grey-throated Babbler

Spiny Babbler Endemic Rare

Streak-breasted Scimitar Babbler

White-crested Laughingthrush

Rusty-cheeked Scimitar Babbler

Chestnut-crowned Laughingthrush

White-throated Laughingthrush

Striated Laughingthrush

Spotted Laughingthrush

Variegated Laughingthrush

Red-billed Leiothrix

Nepal Fulvetta

Stripe-throated Yuhina

Rufous-winged Fulvetta

White-browed Fulvetta

Rufous Sibia

Family Zosteropidae or White-eye

Oriental White-eye

Sturnidae or Mynas, Starlings

Common Myna

Jungle Myna

Family Sittidae or Nuthatches

White-tailed Nuthatch

Rusty-flanked Treecreeper

Family
Certhiidae or
Treecreepers

Turdidae or Thrushes

Blue Whistling Thrush

White-collared Blackbird (female)

Chesnut bellied Rock Thrush (male)

Black-throated Thrush (female)

Grey-winged Blackbird (male)

Blue-capped Rock-thrush (male)

Grey-winged Blackbird (female)

Muscicapidae or

Old world Flycatchers and Chats

Rufous-gorgeted Flycatcher

Spotted Forktail

Verditer Flycatcher

Ultramarine Flycatcher

Plumbeous Water Redstart (male)

Plumbeous Water Redstart (female)

Blue-fronted Redstart

Magpie Robin

White-capped Water Redstart

White-browed Bush Robin

Himalayan Bluetail (male)

Family
Chloropseidae
or
Leafbirds

Orange-bellied Leafbird (male)

Orange-bellied Leafbird (female)

Family Dicaeidae or Flowerpeckers

Fire-breasted Flowerpecker

Nectariniidae or Sunbirds

Crimson Sunbird (male)

Crimson Sunbird (female)

Purple Sunbird (male)

Purple Sunbird (female)

Green-tailed Sunbird (male)

Green-tailed Sunbird (female)

Black-throated Sunbird

Family Emberizidae or Sparrows

White-rumped Munia

Family Estriididae or Munias

Family Motaciliidae or Wagtails and Pipits

Grey Wagtail (female)

Field Notes

Authors biographies

Karen Conniff: Karen is a dragonfly specialist with extensive experience in organic agriculture and birding. During her PhD in agronomy she was drawn to classes on ornithology and entomology. After pursuing these interests further in Sri Lanka where half of dragonfly species are endemic, she has co-authored several books and articles on dragonflies, including the documentation of new species. She is a passionate photographer of birds, butterflies, and dragonflies.

Ron Hess: Ron Hess was born in the Himalayas and traces his fascination with birds and natural history to his biology teacher, Robert Fleming, Jr.. After working in film and completing a Master's in Communication from Cornell University, Mr. Hess joined the Johns Hopkins University School of Public Health, where he has worked for 25 years with posts in Egypt, Uganda and Nepal. Birds have remained a life-long interest.

Erling Holmgren Valdemar: Valdemar started watching garden birds in Nairobi at age 9, which kicked off a life-long interest in birds that includes keen birding during spare time; ornithology studies at Lund University concerning bird ecology in agricultural landscapes of south Sweden; ringing of migrants and monitoring of visible bird migration at the south Swedish bird observatories; and leading birding tours in east Africa, Europe and Nepal. He still enjoys the intricacy of field identification of difficult species such as eagles, hawks, and leaf warblers.
