

India-ICIMOD Week

Partnership for Sustainable Mountain Development

Introduction

With a diverse network of regional and international partners, ICIMOD is committed to bringing about transformative change in the region by improving the environmental conditions and livelihoods of both mountain and downstream communities. Ministry of Environment, Forests and Climate Change (MoEF&CC) is the nodal ministry for ICIMOD in India. The GB Pant Institute of Himalayan Environment and Development (GBPIHED) serves as the lead institution for the facilitation and coordination of ICIMOD's activities in India.

Trend of implementation partnership

Types of ICIMOD activities organized for partners in India

Implementation partnerships landscape

ICIMOD has adopted a partnership strategy that aims to:

- a) Align partners towards a shared goal and vision
- b) Reposition ICIMOD to better respond to regional need and priorities
- c) Improve the effectiveness of programme delivery and impacts
- d) Enable growth and minimize implementation risks
- e) Enhance practices at ICIMOD to make the optimal use of partnership.
