

About the Authors

Walter Roder works as an advisor for livestock and agronomy to the RNR-RC Jakar. His association with Bhutanese agriculture and pastoral systems goes back to 1973. His main interest is in mountain farming systems, fodder crops and slash-and-burn agriculture.

Kinzang Wangdi is the Program Director of the RNR-RC Jakar. He has had a long association with livestock and fodder resource development in Bhutan. He has worked since 1988 in fodder-related activities.

Pema Gyamtsho heads the Policy and Planning Division, Ministry of Agriculture. He has worked in fodder and livestock related projects in Bhutan since 1978. His PhD research, carried out under the Swiss Federal Institute of Technology, Zurich, focused on the yak pastoral system in Western Bhutan.

Karma Dorji is a research assistant at the RNR-RC Jakar. The main focus of his research is native fodder species and rangeland resources.
