II. SCIENTIFIC NAMES OF SPECIES

- Abelmoschus esculentus*, 264
Acarapis woodi, 212
Acacia sp., 87, 284, 287
 modesta, 288
 sinuata, 285
Acer spp., 254
Adhatoda vasica, 287, 291
 zeylanica, 254, 284, 295
Aegiceras sp., 283
Aesculus sp., 284, 285, 287
 indica, 272
Agave americana L., 254
Ageratum conyzoides L., 255, 285
Albizia sp., 87, 286
 lebbek, 264, 283
Allium cepa, 255, 263, 286, 293
 sativum, 255
Alnus sp., 281
 nepalensis, 283
 nitida, 257
Althaea rosea Cav., 264
Amaranthus sp., 283
 paniculatus L., 254
Amomum oculeatum, 286
Antigonon sp., 286
 leptipus, 285
Apanteles galleriae, 213
Apis cerana, 1, 2, 6, 7, 10, 14, 15, 16, 21, 25, 28, 30, 33, 45, 46, 54, 58, 59, 69, 70, 71, 79, 80, 84, 85, 87, 93, 98-99, 105, 106, 112, 114, 115-20, 144, 146, 152, 153, 158, 164, 166, 169, 170-215, 218, 221, 225-27, 229, 233-34, 236-38, 242-43, 247, 250, 253, 287-89, 291, 295, 296-300, 301-303, 311, 314, 316
 abaensis, 199
 cerana, 194, 196, 199
 hainanensis, 199
 himalaya, 129, 194, 197
 indica, 40, 129, 170, 194, 197, 199
 japonica, 172, 182, 184, 187, 189, 194, 197, 199, 213, 232, 233
 pernoi, 169
 skivoki, 199
 and *mellifera*, 223-39
Apis dorsata, 15, 47, 58, 79, 84, 87, 109, 144, 145, 152, 153, 169, 170, 182, 184, 187, 189, 192, 224, 225, 226, 227, 229, 239-44, 247, 250
 laboriosa, 1, 12, 79, 109, 111, 112, 161, 163, 312, 313
Apis florea, 1, 47, 58, 79, 84, 144, 145, 146, 169, 170, 182, 184, 187, 189, 192, 224-27, 242, 243, 244-46, 247, 250
Apis indica, 145, 170
Apis laboriosa, 7, 109, 111, 169, 243, 247
Apis mellifera, 1-3, 5, 9, 14, 15, 21, 25-27, 30, 31, 40, 46, 47, 58, 69-71, 79, 87, 93-95, 98, 99, 105, 113, 153, 158, 161, 163-66, 168, 170, 172, 182, 184, 187, 189, 192, 193, 204, 205, 207, 210, 215-22, 226, 228, 229, 233, 234-38, 240, 242, 247, 248, 250, 287, 291, 295, 299, 301, 303, 311, 313, 314, 316
 adansonii, 194, 210
 capensis, 194
 carnica, 194, 218
 caucasica, 194, 217, 220, 222
 cyprica, 220
 intermissa, 194
 lamarokii, 194
 ligustica, 172, 182, 194, 217, 218, 219, 220, 222, 233, 235
 mellifera, 194
Arbutus unedo, 289
Archoria grisella, 213
Argemone mexicana L., 266
Artemisia maritima L., 255

- Asclepias curassavica* L., 255
Asphodelus sp., 282
 tenuifolius, 263
Aster spp., 256, 293
Azadirachta indica, 264, 284

Bambusa bambos, 268
Bauhinia sp. 287
 vahli, 259
 variegata, 258, 287
Berberis sp., 283, 284, 285, 286, 293
 lycium L., 257, 295
Betula, 287
Bidens spp., 256, 293
 pilosa, 286
Bombax, 283
 ceiba L., 257
Borassus sp., 281, 286
Brassica spp., 281, 283, 284, 285, 286, 287,
 288, 291, 293, 298
 campestris, 284, 287, 295
 juncea L., 258, 293
 napus, 258, 291
 var. *glauca*, 258
 var. *toria*, 258
 oleracea, var. *botrytis*, 293
 var. *capitata*, 258
 rapa, 258
Brugmansia candida, 282
Bruguiera sp., 284
Butea monosperma, 266

Caesalpinia spp., 259
Cajanus cajan L., 266
Calamintha spp., 262
Calendula arvensis L., 256
Callistemon citrinus, 265
Caltha spp., 269
Campestris, 290
Cannabis sativa L., 259
Capparis himalayensis, 259
Capsicum spp., 272
Cardamine spp., 258
Cardus onopardioides Fisch., 256
Careya arborea, 286
Carissa carandas L., 255
 opaca, 220
Carvia callosa, 281, 282, 284, 294, 295, 298
Carthamus tinctorius, 256
Cassia spp., 259
Castanea sativa Mill., 261
Cedrela sp., 284, 293
 toona, 285, 291
Centaurea cyanus L., 256

Chenopodium spp., 288
 album, 259
Cichorium intybus L., 256
Chrysanthemum, 256
Cicer arietinum L., 266
Cirsium spp., 256
Citrullus vulgaris, 260
Citrus spp., 281, 282, 284, 287, 291, 293
Citrus, ...
 aurantifolia, 271
 limettoides, 271
 maxima, 271
 medica limonum L., 271
 reticulata L., 271
 sinensis L., 271
Clematis spp., 269
Coffea arabica, 285
Convolvulus arvensis L., 260
Coriandrum sativum L., 255
Corylus colurna Dence, 257
Cosmos spp., 285
 sulphureus Cav., 256
Crataeva religiosa, 259
Crotolaria juncea L., 266
Crysanthemum spp., 256
Cucumis spp., 260
Cucurbita maxima, 260
Cuscuta reflexa Roxb., 260
Cynodon dactylon L., 268
Cynoglossum, 257
Cystophora oleae, 285

Dalbergia sp., 87, 284, 285, 287
 sissoo Roxb., 266, 287, 290
Daphne oleoides, 272
Datura arborea, 281
 stramonium, 272, 282, 293
Daucus carota L., 255
Delonix regia Raf., 259
Dillenia sp., 286
Dispsacus inermis, 261
Dombeya mastersii, 287
Drypetes sp., 284

Echinops echinatus Roxb., 256
Ehretia sp., 284, 287
 acuminata R. Br., 257
Emblica officinalis, 261, 283, 285
Epilobium spp., 265
Eriobotrya japonica, 269, 290, 291
Erodium spp., 262
Eruca sativa, 258, 285

- Erythrina myosorensis*, 285
 suberosa, 266
Eucalyptus spp., 87, 265, 283, 284, 286, 287, 291
 globulus, 285
Eugenia spp., 282
Eupatorium spp., 256
Euphorbia geniculata, 281
 royleana, 261
Eurya, 289

Fagopyrum sp., 282, 284, 285, 286, 287, 291
 sagittatum, 268
Ficus bengalensis, 239
 religiosa, 240
Foeniculum vulgare Mill., 255
Fragaria spp., 287
 vesca L., 269
Fraxinus sp., 87

Galleria mellonella, 213
Gaultheria fragrantissima, 261
Gentiana pedicellata, 262
Geranium spp., 262
Glochidiatum Wall., 257
Glycine max Merr., 266
Gossypium sp., 284, 287, 291, 299
 arborescens, 264
Grevillea, 287
 robusta, 268, 295
Grewia sp., 285
 oppositifolia, 273

Halictus, 298
Helianthus sp., 287, 288
 annuus, 256, 286, 291, 293, 298
Heracleum spp., 255
 Heracleum concanense, 282
 Hevea brasiliensis, 283, 284, 286, 292
Hibiscus cannabifolius, 264
Holoptelea sp., 282

Impatiens sp., 285, 286, 287, 288
 balsamina, 282, 295
 glandulifera, 257
Indigofera spp., 266
Inula cappa, 256
Ipomoea sp., 283
Ipomoea batatas Lam., 260
 kentriakalos, 295
 pulchella Roth., 260
Iris nepalensis Don., 262
Isodon rugosus, 283

Jambosa munronii, 285
Juglans regia L., 262
Justicia pubigera, 254

Kalmia latifolia, 289

Lagenaria siceraria L., 260
Lagerstroemia, 263
 entada, 285
Lamium spp., 262
Lasiosiphon sp., 281
Leonurus cardiaca, 262
Lespedeza spp., 266
Linum spp., 263
 usitatissimum, 282
Litchi chinensis, 287
Litsea polyantha Juss., 263
 stockii, 282
Lobelia nicotianaeifolia, 282
Loniceria, 293
 sempervirens, 259
Lotus corniculatus, 293
Luffa echinata Roxb., 260
Lycopersicum esculentum, 272

Madhuca sp., 286
Malus domestica Mill., 269
 pumila Mill., 269
Malva sylvestris, 264
Mangifera indica, 239-40, 255, 283, 287
Medicago sp., 87, 282, 285, 287, 291, 298
 sativa L., 266, 285, 291
Melilotus sp., 262, 282, 284, 286, 287, 291, 298
Mentha spp., 262
Mikania scandens, 256
Mimosa pudica, 264
Moringa oleifera, 265
 pterygosperma, 284, 286
Morus spp., 265
 alba, 284
Musa sapientum L., 265
Mussaenda frondosa L., 271

Neocyphalaeps tropilaelaps, 212
Nepeta spp., 262
Nephelium sp., 281, 287, 291
 litchi, 272, 283, 285, 286, 291
Nicotiana tabacum L., 272
Nothopegia, 286

- Ocimum* spp., 262, 263
 canum, 281
Odina woodier Roxb., 255
Olea diocia, 285
 glandulifera, 286
Opuntia spp., 258
Origanum vulgare L., 262, 263
Oxalis sp., 283
 corniculata, 265

Panicum spp., 87
Papaver spp., 266
Paracarym malabaricum, 281
Parkia roxburghii G., 264
Parthenocissus tricuspidata, 299
Phaseolus spp., 267, 287
Phlox drummondii, 284, 298
Phoeni spp., 255, 283
Phyllanthus acida, 261
Pisum sativum, 267
Plantago spp., 267, 268, 298
Plectranthus sp., 87, 284, 285, 286, 300-302
 coetsa, 263, 300
 gerardianus, 263, 300
 rugosus, 263, 284, 285, 291, 295, 300
Polygonum spp., 268, 282, 285, 287, 293
 chinensis, 282
Pongamia sp., 285
Portulaca glandiflora, 268
Potentilla sp., 270
Primula spp., 268
Prinsepia utilis, 270, 295
Prunus sp., 284, 285, 286, 287
 amygdalus, 270
 armeniaca L., 270
 avium L., 270
 cerasoides, 270, 295
 domestica, 270, 285
 persica, 294
 puddum, 294
Psidium guajava, 265
Punica granatum L., 269
 nana L., 269
Putranjiva sp., 282
Pymotes neferi, 212
Pyrostegia venusta, 295
Pyrus sp., 284, 285, 286
 communis, 270, 285
 pashia, 270
 persica L., 270

Ranunculus arvensis, 269
Raphanus sativus, 258
Rhododendron spp., 261, 285, 292
 anthopogon, 291, 292
 ponticum, 291
Rhus spp., 255
Ricinus communis L., 261, 284
Robinia sp., 285, 291
 ambigna, 286
 pseudoacacia L., 267, 286, 294
Rosa sp., 284, 285
 macrophylla L., 270
 moschata, 287, 288, 295
 multiflora, 281
Rosmarinus officinalis, 263, 268
Rubus spp., 270
Rubus nivens, 286, 287
Rumex sp., 268, 284, 286, 287
Rungia parviflora, 254

Salix spp., 271, 284, 285, 287
Salvia, 263, 288
Sapindus spp., 272, 281, 283
 detergens, 287
 marginatus, 299
Scabiosa speciosa Royle, 261
Schefflera roxburghii, 296
Schima wallichii, 272
Scrophularia spp., 272
Senecio spp., 256
Sesamum indicum, 267, 282
Sesbania spp., 282
Shorea robusta, 287
Solanum, 272
Solidago longifolia Schrad, 257
Sonchus spp., 257
Sonneratia sp., 283
Sophora japonica, 293
 mollis L., 267
Sorghum sp., 87
 vulgare, 268
Stachys spp., 263
Strobilanthes wallichii, 254
Swertia spp., 262
Syzygium spp., 284
 cumini L., 265, 283, 285, 286, 287

Tagetes spp., 257, 288
Tamarindus sp., 283
 indica L., 259, 283
Taraxacum sp., 284, 287
 officinale Weber, 257
Tecoma grandiflora, 294

- Terminalia arjuna*, 260, 284
 chebula, 260
Teucrium spp., 262
Thelepaedale ixiocephala, 284, 294, 295
Thymus spp., 263
Tilia sp., 273, 291
Toona, 287, 291
 ciliata M., 264
Trifolium spp., 220, 282, 284, 285, 286, 287,
 288, 289, 298
 alexandrinum, 267, 284, 285, 286, 288
 pratense L., 267
 repens L., 267
Trigonella spp., 267
Tropilaelaps, 222
 clareae, 218, 236
Tussilago farfara L., 257
Varroa, 222
 jacobsonii, 212, 218, 236, 238
Vernonia spp., 257, 285
Vespa orientalis, 216
Viburnum spp., 259
Vicia spp., 267
 sativa, 289
Viola sp., 287
 odorata L., 273
Vitex sp., 273, 291
 negundo, 283
Vitis vinifera L., 273
Wendlandia exserta, 271
Zea mays L., 268, 284
 vitex, 283
Ziziphus sp., 284, 291
 jujuba Lam., 269
